56th Annual Manzanar Pilgrimage

Manzanar Committee's website.

The 56th Annual Manzanar Pilgrimage is scheduled for Saturday, April 26, 2025, at the Manzanar National Historic Site. The 2024 Manzanar At Dusk program will also be held following the 56th Annual Manzanar Pilgrimage.

Manzanar was the first of the ten American concentration camps in which more than 125,000 Japanese Americans and their immigrant parents were unjustly incarcerated during World War II.

People from all walks of life attend the Manzanar Pilgrimage each year, including students, teachers, community members, clergy, and former incarcerated. Planning is underway for this year's program.

For the daytime Pilgrimage program, cultural performances will begin at 11:30 AM, while the main portion of the program begins at 12:00 PM.

WHAT WOULD YOU DO FOR THE LAST DROP OF WATER ? The fictional political suspense novel by local author Scott C. Patterson is now available. Sierra Snow Baja Mud is a gripping adventure that weaves through local history, dives deep into environmental legal dramas, and unravels the intricate web of water politics. It's a tale of resilience, betrayal, lifelong friendships, and the unyielding quest for justice that escalate conflicts between the United States and Mexico - where every drop of water could mean the difference between peace and the dawn of World War III. Prepare for a heart-pounding journey that will leave you questioning the true cost of survival in an increasingly thirsty world. Now available in local libraries, bookstores, and on Amazon for \$12.95 760 920-7969. 17 (13)

Tap into the benefits that CDs bring

CDs may seem uninteresting, but that's their superpower. As an investment vehicle, they offer competitive rates while generally being predictable and dependable. Call us to learn more about our boring CDs with not-so-boring rates.

Please contact us if you have \$1,000 or more to invest.

Three stops on the road to financial stability

Achieving financial stability doesn't happen overnight — it takes a journey. And, as with every journey, you should reach some milestones along the way.

For your first financial milestone, you'll want to build a strong foundation. Start by building an emergency fund to pay for unexpected costs, such as a major car repair. And try to contribute enough to your 401(k) and health savings account (HSA) to earn your employer's matching contribution, if one is offered. Also, try to pay down or refinance some high-interest debt.

Your next milestone should find you gaining a stronger financial foothold. At this stage, continue building your emergency fund and try to put 10% to 15% of your gross income into your 401(k) or similar plan.

At your third milestone, when you may be in your middle or later years, you'll want to invest as much as you can into your 401(k) and have at least six months' worth of living expenses in your retirement fund. Also, review your retirement goals to ensure you're on track to achieve them.

Reaching these milestones will take diligence and commitment — but it will be worth the effort in helping you on your journey toward financial security.
